SNAP EMERGENCY FUND

ACTION THROUGH ★ ENTERPRISE GHANA

WE'RE THERE WHEN NO-ONE ELSE IS

Help give children like Aaron a chance

Children with disabilities can face terrible poverty, illness, malnutrition, prejudice, abuse and isolation in Upper West Ghana.

With your support, we can change that. A kind donation means we can intervene in the most extreme emergencies - when children are facing death due to sickness or malnutrition.

The SNAP EMERGENCY FUND means we can always be there when families need us most. We'll provide:

- financial support for life-saving medical intervention;
- emergency food packages to tackle malnutrition;
- targeted interventions around extreme poverty - Grow Your Garden packages of fertiliser, tools and seeds to help carers grow nutritious food;
- advocacy and support from our bespoke and experienced Inclusion team.

EVANS - NOW THRIVING

AARON AND NORBERT'S STORIES

Aaron (top and left) is 8, despite his tiny frame. He has hydrocephalus and almost died due to malnutrition. We provided a life-saving food package as well as a mattress and radio (which he loves).

Recently orphaned Norbert (left), has learning difficulties. He lives alone, and our food package saved his life.

A typical package includes rice, oil, beans, tomatoes and fish and costs about £50.

HELP GIVE 400 CHILDREN LIKE AARON, EVANS AND NORBERT A CHANCE

Medical emergency fund: £2250
90 food packages @ £50: £4500
64 Grow Your Garden packages @£50: £3200
Staff Advocacy: £180

TOTAL: £10,130

EVANS' STORY OF HOPE

When we met first met Evans he was continually crying in pain. Born without arms and a single finger on his left shoulder, he was so severely malnourished and distressed, we thought he might die.

That was two years ago. Now 4, he's thriving thanks to the high nutrition, high calorie food, vitamins and pain killers we provided. He's gained weight, can sit up, walk with a little help - and even kick a ball!

Mum Hannah said: **"Life was hard to me and my child. There were a time I thought he might die - but now we are fine, we have hope."**
